Bureau of Family Health

Using DAISEY for improved family services coordination & measurement

Launch Timeline – Direct Entry Users

Today

December 28, 2015

January 4, 2015

- Ensure required documents have been submitted
- Obtain access for any users still needing access
- Watch training videos and review training and implementation materials
- If you plan to import data, notify KDHE immediately

- The DAISEY team switches users from the sandbox training environment to the live environment
- Users receive individual e-mail notification when their account has been switched to the live environment
- Contact KDHE with any questions about implementation or data elements
- Enter data into DAISEY for all clients receiving MCH, Family Planning, Healthy Families, Pregnancy Maintenance Initiative, and Teen Pregnancy Targeted Case Management
- Discontinue submission of CVRs to KDHE
- Discontinue use of WebMCH
